

KP Muhurta Promise Checklist (Cricket Matches)

0) Setup (Before Astrology)

- Fix event time & place (start of play), stadium coordinates, local timezone.
- Choose consistent team mapping: Home=Asc / Toss=Asc / Favourite=Asc.
- Rectify minute if cusp sub changes within ± 2 minutes — mark as volatile.

1) House Groups for Result

- Asc win/advantage houses: 1, 2, 3, 6, 10, 11.
- Desc win/advantage houses: 5, 7, 8, 9, 12.
- Outcome axis: 10 favours Asc success, 4 ends matter against Asc.

2) How to Read Planet Signification (KP Hierarchy)

- 1. Star-lord occupancy & ownership (primary).
- 2. Planet's own occupancy & ownership.
- 3. Sign-lord (tie-breaker only).
- Rahu/Ketu act as agents of star-lord + sign-lord + conjunctions/aspects.
- Retrograde: reduce strength (-1 tier), Combust: -0.5 tier.
- Exaltation/debilitation ignored for signification (affects strength only).

3) Primary Promise Test — Cuspal Sub-Lords (CSLs)

- 1st CSL: More Asc houses → Asc promised; More Desc houses → Desc promised.
- 7th CSL: Expect opposite of 1st; same side → one-sided.
- 6th CSL: Asc win if 6/10/11 and avoids 5/7/12.
- 12th CSL: Desc win if 12/7/5 and avoids 6/10/11.
- 10th CSL: Pro-Asc if 10/11/6.
- 4th CSL: Anti-Asc if 4/12/8/7/5.

4) Scoring Method

- Weights: 1st CSL ± 3 , 7th ± 3 , 6th ± 2 , 12th ± 2 , 10th ± 2 , 4th ± 2 , 11th ± 1 , 5th ± 1 .
- Asc total – Desc total $\geq +3$ → Asc wins (strong).
- Asc total – Desc total ≤ -3 → Desc wins (strong).
- Between -2 and +2 → Weak/Mixed.
- Retrograde/Node CSL star-lords → reduce weight by 1/2.
- Synergy bonus: If 3+ CSLs repeat same victory houses, +1 to that side.

5) Tie-Breakers (if Weak/Mixed)

- 1. Ruling Planets majority for 6/10/11 (Asc) or 5/7/12 (Desc).
- 2. Moon's start star/sub match with promise.
- 3. Strict star-lord check of 10th vs 4th CSL.
- 4. Dispositor chain (one hop).

6) Special Cases

- One-sided: 1st & 7th CSL same side; 6th+10th vs 12th+4th aligned; score $\geq \pm 5$.
- Reversal-prone: Weak score ± 2 + volatile (mixed CSLs, Moon opposite, retro/node star-lords).

7) Moon Timeline After Promise

- Promise = final winner; Moon NL→SL→SSL shows flow only.
- Strong promise: Opposite late sub reduces margin, not result.
- Weak promise: Opposite late sub may reverse outcome.

8) Practical Cautions

- Dual signs on cusp → weigh star-lord more heavily.
- Do not double-count houses with multiple rulers.
- Always use actual start time, not toss time.
- Rain restart ≥ 5 –6 min: Recast chart; else keep promise and redo timeline.
- Short formats: 6/11/3 more important; Tests: 10 and 2 more important.
